Dining Hall Bathroom Upgrade

Our Dining Hall Bathroom remodel is nearing completion! So far the work has included new plumbing, electric, concrete, framing, windows, siding, and roof, and we are now tiling! Soon we will do the final plumbing and electric, finish painting, install partitions, and then this project will be complete! We are excited to have nice new bathrooms for our Dining Hall, the most important building at camp! We would like to especially thank Ad, Scott, Randy, and Bob for the many days they have spent working on this vital project.

Thank You, Volunteers!

We are so thankful for everyone that pitched in for our joint Firewood Day and Spring Work Day in April. We got a lot of cleaning and yard work done, and may have split a record amount of firewood! Thank you to those that have also helped throughout the year on various projects as well. Camp would not be possible without you! THANK YOU!!

The Rofe Family

Hopefully everyone has already received the news, but in August, our family will be moving back to our hometown in central NY to live near family. While we will miss life at camp, and working with so many wonderful people, we are excited to be near most of our extended family again. We have been blessed to be a part of this ministry for 7 years (8 summers), and look forward to continuing our involvement with New Life Island for years to come.
